The International Scientific Committee of the Latin American Meeting on Biological Inorganic Chemistry (LABIC) and the Cuban Chemical Society (SCQ) have the pleasure to invite the Scientific Community to participate in the 9<sup>th</sup> Latin American Meeting on Biological Inorganic Chemistry (LABIC) to be held at the Palacio de las Convenciones, Havana, from November 4 to 8, 2024.

LABIC meetings have been held biannually since 2008. In this edition of LABIC as in previous ones, the scientific community will be able to exchange on current issues in the different topics addressed with the research on biological inorganic chemistry:

- Structure and function of metalloproteins and metalloenzymes
- Inorganic medicinal chemistry, metallopharmaceuticals
- Biomimetics and bio-inspired coordination compounds
- Biocatalysis and Bio-inspired Catalysis

### **Important dates:**

- Deadline for abstract submission and registration: July 31, 2024
- Notification of acceptance: September 15, 2024
- Accreditation: November 4, 2024

LABIC participants requiring an invitation letter may request it from the Organizing Committee by e-mail: [labic2024@gmail.com](mailto:labic2024@gmail.com)

Students must submit an official letter from the university to certify their status.

### **Deadline for abstract submission and registration fees**
